RIYADUL AMIN
Creative Programmer

Software engineering graduate with more than 3 years of experience in efficient and large-scale web-based systems development. Highly experienced in backend/REST API development in (PHP7, Vue.js). Also have solid frontend development and Linux Server Administration & Deployment (AWS, Digital Ocean) experience. I love to write clean code and follow best practices. Seeking to move into a new engineering position where I can take new challenges and excel my knowledge.
